Gas Line Install Closing Portion of Windsor Spring Road

WHAT: The Georgia Department of Transportation wants motorists to be aware of a scheduled Windsor Spring Road construction project northbound lane closure between Anthony Dejuan Parkway and Tobacco Road starting **Thursday, July 9** and ending **Friday, July 10**. Southeast Connections will install a gas line from **9 a.m. until 3 p.m.** both days. All work is weather contingent. Motorist should expect delays during this operation and should exercise caution by reducing speed within the work zone.

The Phase 4 Windsor Spring project begins south of the intersection of Windsor Spring Road and Willis Foreman Road and terminates at the intersection of Tobacco Road. This project is approximately 3.3 miles long and is scheduled for completion April 30, 2017.

The existing two-lane, 6-foot graded shoulder Urban Minor Arterial facility will be widened to four, 11-foot wide lanes (two lanes in each direction) separated by a raised median. The contract includes construction of 16-foot shoulders with curb and gutter and an 8-foot wide multi-use trail on both sides of the roadway. This \$30 million Windsor Springs Road widening phase is partially funded by the Transportation Investment Act (TIA).

For more project information, visit
<http://www.dot.ga.gov/BuildSmart/Projects/Pages/TransPi.aspx?ProjectID=250610->.

For more information on TIA, visit <http://www.ga-tia.com/>.

WHEN: Thursday, July 9 through Friday, July 10 from 9 a.m. until 3 p.m., weather permitting

WHERE: Windsor Spring Road northbound between Anthony Dejuan Parkway and Tobacco Road

***DriveAlert ArriveAlive** calls attention to an alarming increase in roadway fatalities across Georgia, many resulting from preventable crashes and distracted driving. **DriveAlert ArriveAlive** implores motorists to buckle up; stay off the phone and no texting; and drive alert.
